

Intel Core i5-12400F Desktop Processor|12th Gen| FCLGA1700

Product Specification

|                          |                                             |
|--------------------------|---------------------------------------------|
| Brand                    | Intel                                       |
| Model                    | i5-12400F                                   |
| Generation               | 12th Generation                             |
| Type                     | Desktop Processor                           |
| Number of Cores          | 6                                           |
| Number of Threads        | 12                                          |
| Processor Frequency      | 2.50 GHz                                    |
| Max Turbo Speed          | 4.40 GHz                                    |
| Max memory size          | 128 GB                                      |
| Memory Type              | Up to DDR5 4800 MT/s   Up to DDR4 3200 MT/s |
| Maximum Memory Channels  | 2                                           |
| Maximum Memory Bandwidth | 76.8 GB/s                                   |
| PCI Express Revision     | 5.0 and 4.0                                 |
| Cache                    | 18 MB                                       |
| Instruction Set          | 64-bit                                      |
| Socket & Speed           | FCLGA1700                                   |
